WORLD HEALTH SUMMIT 2022 – TOGETHER WITH THE WORLD HEALTH ORGANIZATION (WHO)

The World Health Summit and the World Health Organization (WHO) join forces to host the world's leading international, inclusive and inter-sectoral global health conference.

The [World Health Summit 2022](#) from October 16-18 in Berlin will bring together all relevant global health leaders and stakeholders from all sectors in all regions of the world. With more than 300 speakers and 6,000 participants, WHS 2022 aims to set the course for a healthier future.

WHS 2022 is part of a long-term close collaboration, as WHO has been a strong strategic partner of the World Health Summit since its very beginning.

Making the Choice for Health

WHS 2022 strengthens exchange, stimulates innovative solutions to health challenges, fosters global health as a key political issue and promotes the global health debate in the spirit of the UN Sustainable Development Goals: SDG 17 "Partnership for the Goals".

The World Health Summit 2022 will focus on "Making the Choice for Health" by reflecting on the most pressing topics, including:

- Investment for Health and Well-Being
- Climate Change and Planetary Health
- Architecture for Pandemic Preparedness
- Digital Transformation for Health
- Food Systems and Health
- Health Systems Resilience and Equity
- Global Health for Peace

WHS and WHO are both dedicated to the well-being of all people. To give everyone everywhere the chance to live a healthy life is a global effort, and the key to achieve better health for all lies in collaboration and open dialogue, guided by science. This is what WHS 2022 stands for.
