WORLD HEALTH SUMMIT 2022

Together with WHO

The World Health Summit and the World Health Organization are joining forces to foster global health and well-being for all.

The World Health Summit 2022 is the first World Health Summit together with WHO and part of a long-term collaboration. From now on, a joint summit will be taking place every three years.

WHS 2022 creates synergies and combines forces for global health development by engaging all relevant global health leaders and stakeholders from all sectors in all regions of the world.

WHS 2022 strengthens exchange, stimulates innovative solutions to health challenges, fosters global health as a key political issue and promotes the global health debate in the spirit of the UN Sustainable Development Goals.

WHS and WHO are both dedicated to the well-being of all people. To give everyone everywhere the chance to live a healthy life is a global effort and the key to achieve better health for all lies in collaboration and open dialogue, guided by science. This is what WHS 2022 stands for.

“

Through our enhanced collaboration and the launch of the 2022 Summit, we aim to accelerate progress towards the health-related Sustainable Development Goals and make the world a safer place for all.

TEDROS ADHANOM GHEBREYESUS
Director-General, World Health Organization (WHO)

“

We must build our future on improved world-wide health: equitable health everywhere with a healthy planet as the basis. For all of you, the joint World Health Summit 2022 together with WHO will be the forum to foster these goals.

AXEL R. PRIES
President, World Health Summit
